Montana Jewish Project,
PO Box 491, Helena MT, 59624

Montana Jewish Project is working to reacquire Montana's oldest synagogue and transform it into a Jewish statewide cultural center that celebrates Jewish life. The inclusive center will serve Jews and non-Jews alike, while working to build a just future for all Montanans. The building will provide space for Helena's thriving Jewish community to use for all kinds of events and gatherings.

Thank you!
